Dear families,

we already explained to the parents' representatives on 1st October 2015 that our school adopted the project 'Evviva le culture', promoted by the foundation 'Terzo Pilastro – Italia e Mediterraneo'. The aim is to promote acceptance and integration, to increase foreign students abilities and to involve their families in the educative project for an effective integration from an educative and cultural point of view.

The students will be involved in a specific didactic program during the school hours and their teachers will work on it.

In order to organize an effective and inclusive educative program, it is important that families take part in the school activities, following their children's school learning progress.

Linguistic mediators, will help parents with Mandarin Chinese, Tegelog and English, upon request, in order to facilitate the communications with the teachers.

A course of Italian language for adults will also be organized.

The lessons will be held in our school once a week, in the afternoons (h. 18.00 -20.00), free of charge.

The course, divided into levels, will be held by specialised teachers expert in teaching Italian as a second language.

The teachers involved work for the Association 'Più culture'.

At the end of the course a Certificate of attendance will be issued.

Those who need a certificate A2 to obtain the residence permit, will be prepared for the exam.

Further information, about the adult language courses, will be given during the meeting that will take place in Via Volsinio, on 29th October at 17.00.

Best regards

The headmaster

Il Dirigente Scolastico
